

7th March 2022

Dear Parents and Carers,

HELP FOR UKRAINE – HAMSTEL SCHOOLS APPEAL

If any family would like to support our efforts to send aid out to the Ukraine please have a look at the list below.

We have a local contact who is sending out trucks to Poland near the Ukraine boarder this weekend. Our contact is a local Polish restaurant owner who has already sent lorry loads to Ukraine. As a staff we supported this last week, but due to restrictions on load size were unable to extend this to you last week. We had a great response from our staff and would now like to extend this opportunity to our families too as capacity has increased.

He will be sending another consignment on Friday this week.

So, as Hamstel families, if you would like to support us with this we will be making a collection this week
 Items requested to be donated:

torches / candles
toothbrushes / toothpaste
plasters
hygiene products (shampoo, soap, sanitary wear etc.)
bandages
baby wipes
nappies
baby milk (formula)
tinned foods - with a ring pull

I am sorry for short notice, but If you would like to take part, please bring donations to the classroom, Nursery, base doors when you drop off your child and our staff will then gather these together for us to send.

Please do not send in any clothing or toys as these would be too bulky and difficult to transport at this time. The request is for basic living items. Please make sure donations are made by 12 noon on Friday 11th March.

I know how supportive our families are and in this time of crisis this small gesture will be very much appreciated and will make a difference to other normal families who find themselves in circumstances beyond comprehension. I will keep you update about any further support we may be able to provide. Thank you.

With best wishes to you all,
 Lisa Clark
