

Be Sun Safe at School!

As we enjoy some well-deserved sunshine over the next few days and weeks please be reminded to help your child to be safe in the sun at school.

Make sure your child wears a hat in the sun every day.

Make sure your child is wearing sun protection, with a factor of at least SPF30.

Encourage your child to drink water when they are in school.

Be mindful that some sun protection products have oils derived from nuts.

Please check that your child's sun protection product is nut free, as products with oils derived from nuts may affect those children who have an allergy.

Thank you for your help as we enjoy the pleasant weather this term!
